Friend Garrison. - I have received a special invitation under your signature as President to attend the third decade of the Am: Anti-Slavery Society.

It will afford me great pleasure to respond to the call, as I believe it to be the duty of every true friend of the cause to be present. Now is the time for the abolitionists to follow up their blows. Slavery is on its last legs, one foot in the grave, and the other no business out.

God willing nothing shall prevent my being present. In the meantime, I beg to ask permission to read your

noble declaration of sentiment
to the meeting. It is fitting
that this sacred unbroken
pledge given to the world by
the signers of that document
should be read, as the first
chapter in the history of the
new gospel of liberty -

hoping that you will
favor my proposition, and
awaiting your early reply

I am, truly
Yours faithfully,

Wm. P. Burwell
